Puppy Purchase Agreement

PALVINE MALTESE KINGDOM is a small, family-owned hobby breeder, specializing in Standard & Teacup Maltese puppies raised in a loving home environment. We are not a commercial pet store or large-scale breeding facility. Every puppy is personally cared for, properly socialized, and raised with daily human interaction to ensure excellent temperament, health, and companionship qualities.

Our goal is to place each puppy into a safe, responsible, and loving home where they will be treated as part of the family. We maintain direct communication with our clients throughout the adoption process and remain available for guidance and support after placement.

This Purchase Agreement is intended to protect both the Buyer and the Seller, establish clear expectations, and ensure the lifelong well-being of the puppy being purchased.

HEALTH AND WELLNESS GUARANTEE

1. Initial Health Guarantee

Palvine Maltese Kingdom guarantees that your puppy is in good health at the time of sale and has been examined by a licensed veterinarian. All vaccinations and deworming are up to date, as indicated in the puppy's health record.

2. One-Year Genetic Health Guarantee

We offer a One-Year Health Guarantee from the date of purchase, covering life-threatening congenital or hereditary conditions that severely affect the puppy's health or quality of life. This guarantee does not cover illnesses or conditions caused by neglect, injury, malnutrition, environmental stress, hypoglycemia, parasites, or contagious diseases contracted after leaving our care. If a genetic or congenital issue is diagnosed by a licensed veterinarian within the first year, and the issue is deemed not due to external factors or the owner's care, the buyer may receive a replacement puppy of equal value from the next available litter. Proof must be provided in writing by a licensed veterinarian.

3. 72-Hour Viral Guarantee

For 72 hours after delivery or pickup, your puppy is guaranteed against Parvovirus and Distemper. If, within this period, a licensed veterinarian diagnoses one of these diseases in writing, the buyer may choose between a replacement puppy of the same value or a full refund. Written proof must include a positive diagnostic test from a licensed veterinarian. Opinions or speculative diagnoses will not be accepted.

BUYER RESPONSIBILITIES

1. Veterinary Care

After purchase, all veterinary care, treatment, and costs are the sole responsibility of the buyer. A vet examination within 72 hours of receiving your puppy is strongly recommended.

2. Nutrition and Feeding

Your puppy has been raised on Royal Canin Small Breed Puppy Food. Please continue this diet for at least two weeks to ensure digestive stability. If transitioning to a new food, do so gradually over 7–10 days. For the first three days, we recommend adding 1 teaspoon of honey to the water to help stabilize blood sugar during adjustment.

3. Care and Environment

Puppies are sensitive and require a calm, safe, and nurturing environment. **Palvine** is not responsible for health issues resulting from stress, dehydration, hypoglycemia, or improper care. Small breeds can develop hypoglycemia due to missed meals or stress. Ensure your puppy always has access to fresh water and food. Avoid exposing your puppy to public areas or other pets until fully vaccinated.

4. Vaccinations & Preventive Health

Please discuss with your veterinarian ongoing vaccinations (including Rabies) and Heartworm prevention.

5. Refunds & Returns

All sales are final. We do not offer refunds or exchanges due to buyers' remorse, change of heart, or personal circumstances. A refund or replacement will only be considered under the following circumstances:

Genetic or Congenital Health Issues: If the puppy is diagnosed by a licensed veterinarian within the specified health guarantee period with a life-threatening genetic or congenital condition that originated prior to sale.

Incorrect Puppy Delivered: If the puppy received does not match the description, identifying information, or photographs agreed upon between the buyer and seller during the purchase process.

Deception or Misrepresentation: If there is verified evidence that the puppy's lineage, breed, or registration status was intentionally misrepresented by the breeder.

PALVINE MALTESE KINGDOM

Once the puppy departs from our facility, all associated documentation and registration paperwork will be issued in the buyer's name. From that point forward, all care, veterinary expenses, maintenance, and general welfare of the puppy become the sole responsibility of the buyer.

ADDITIONAL NOTES

Your puppy comes with:

- Health Record (including vaccinations and deworming schedule)
- 8 oz sample of Royal Canin Small Breed Puppy Food
- Comfort blanket with mother's scent (if applicable)

We encourage all buyers to stay in touch! We love receiving updates, photos, and stories about our puppies as they grow into beloved companions.

BUYER AGREEMENT

I, the undersigned purchaser, acknowledge that I have read, understood, and agreed to the terms above. I understand that I am purchasing a living animal that requires ongoing care, attention, and love.
